

Haywood County Schools
FOUNDATION

A community partnership of businesses and individuals whose purpose is to enhance public education in Haywood County Consolidated Schools.

2018-19 ANNUAL REPORT

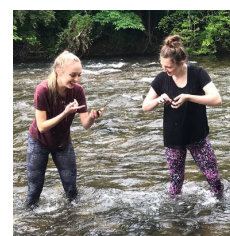

WHAT WE DO

***Celebrating 36 years.* The Haywood County Schools Foundation is the longest running public school educational foundation in North Carolina.**

The Haywood County Schools Foundation is a nonprofit, tax-exempt organization dedicated to supporting educational opportunities for the students and staff of Haywood County Consolidated Schools.

When you sponsor a program, project, or scholarship through the Haywood County Schools Foundation, you are investing in the education of our community's future leaders, creating opportunities for our teachers to deliver creative lessons, and assisting students with achieving their academic dreams.

The Haywood County Schools Foundation is committed to the children, schools and employees of Haywood County Consolidated Schools. That commitment is made possible through generous donations and efforts by members of the community. Contributions may be designated to a specific scholarship, grant, school, project or program. With the exception of endowments and savings, all of the money that comes in goes back out.

\$253,500 in scholarships were awarded to 103 high school seniors

More than **\$159,800** awarded in grants to teachers, schools, and students

\$19,700 donated to system-wide Professional Development Day

\$2,950 given to recognize the district's 15 teachers of the year

145 employees recognized for their years of service with \$14,500 in gift cards

A Message from Executive Director Jenny Wood

Dear Friends,
2018 – 2019 was a milestone year for the Haywood County Schools Foundation. Students, schools and employees of Haywood County Consolidated Schools have so many new opportunities because of the commitment our community continues to make. The wide range of caring individuals and organizations throughout our county are remarkable and deserve our sincerest thanks.

HCSF assets increased to over \$5 million this year, allowing more funding for scholarships, classroom grants, student activity grants, district-wide professional development, and assistance for many of the needs of our students and employees.

The fundraising efforts for the HCS Foundation have again exceeded projected goals. With only two major fundraisers, BINGO and Mardi Gras, public support is reassuring. Because of these efforts, additional funding was provided for five occupational course student scholarships, seven traditional scholarships, sponsoring for many community and school events and granting more than 100 staff development opportunities for employees.

This year the HCS Foundation was able to fund teams from all 15 Haywood County Schools with essential, research-based professional development to enhance classroom practices. We were able to fund “Depth of Knowledge” training in hopes of making the instructional practices in each and every classroom outstanding.

The mission of the Haywood County Schools Foundation continues to lead the way to provide educational opportunities for our students, schools, and employees. On behalf of the staff and Board of Directors, I want to thank you for your past and current support. We are proud to invest in our children - our greatest future investment.

Jenny Wood

Executive Director, Haywood County Schools Foundation

Continuing to pursue excellence in education

Our teachers, faculty, and staff play an essential role in ensuring that the district's more than 7,000 students receive a quality education by providing innovative instruction and loving care.

Hayley Prince, like many of the district's teachers, begins her day at school before the sun is even up. Prince was named the 2018-19 Haywood County Schools Teacher of the Year.

"It was not until the first time I had to say goodbye to a classroom of students that I fully realized the difference my instruction and influence had made in their educational development," Prince recalled. "While many professions measure rewards in sales volumes and bonuses, teaching measures rewards in the ability of a child to comprehend a new idea and build a relationship with someone they can trust."

Haywood County Schools Superintendent Dr. Bill Nolte said Prince embodies the passion and dedication of the district's more than 500 public school teachers.

"Our students wouldn't be successful if it wasn't for our employees who protect them, feed them, get them to school on time, teach them, and love them every day," Dr. Nolte said. "One of my greatest pleasures as superintendent is visiting classrooms, and Ms. Prince's classroom is a great representation of the wonderful teachers we have in our district."

Welcome message from superintendent

I am excited to welcome everyone back for the 2019-20 school year. We have been working to make 2019-20 the best year ever in Haywood County Schools. The year 2020 is only a few months away. I hope all of us will use this notable school year to improve in terms of academic and extra-curricular achievement and in terms of being better people.

While we face many challenges, I believe our best days are before us. We have worked to become one of the best school systems in North Carolina. Our students are successful in

a wide range of academic and extra-curricular activities. The best schools and school systems do many things at a high level. That is certainly the case for Haywood County Schools. We excel academically in student academic performance, career and college preparatory courses, state required assessments, career and college entrance exams, and academic competitions. We also excel in extra-curricular activities including traditional sports, student organization competitions, and activities sponsored by the community and student interest clubs.

As your superintendent I plan to make this a year to become a better person. I challenge students, staff, parents, and the community to do the same. Let's fight for what we believe rather than attacking those who believe differently. Let's be kind and expect others to do the same. Let's help those in need and never expect anything in return. Let's speak supportive words and avoid those who twist the truth for personal benefit. Let's focus on helping people grow rather than tearing people down. Let's find personal solutions to problems that life presents us rather than blaming others for things that go wrong in our lives. Let's show children and adults that it is admirable to be a good person. Let's make the 2019-20 school year the very best.

I am confident there will be very little that we cannot accomplish, if we work together.

Bill Nolte

Bill Nolte, Ed.D.

PRINCIPAL OF THE YEAR

LORI FOX, HAYWOOD EARLY COLLEGE

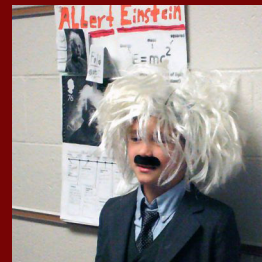

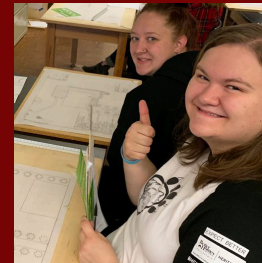

It is an honor to be named Principal of the Year for Haywood County Schools. I am amazed daily by our students and faculty at Haywood Early College. Their hard work, effort, and dedication lead to many rich opportunities within our school.

We look forward to continued success through innovation and collaboration. In our district, it is inspiring to see every school serving families within their communities. The students of Haywood County have a bright future ahead and I am excited to be a part of it.

The Haywood County Schools Foundation cares about students.

Take a look at how we're making a difference in classrooms with students, with teachers, and the community.

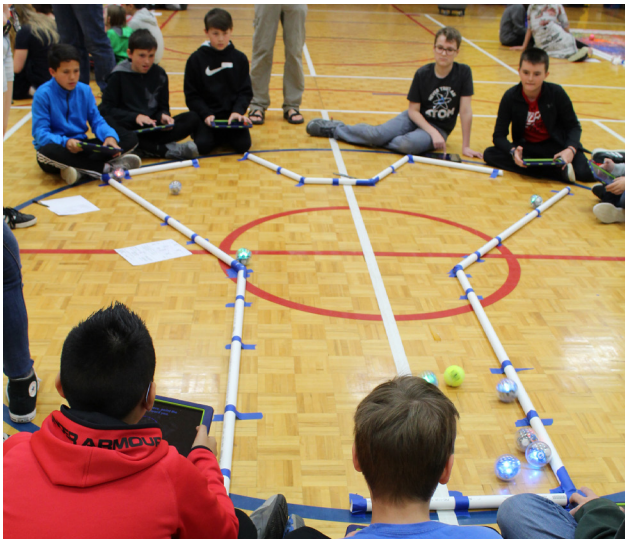

The Haywood County Schools Foundation awarded more than \$159,000 in grant money to teachers, schools, and student activities.

Grants were sponsored by Duke Energy Foundation, Evergreen Packaging, First Citizens Banks, QuickDraw, the Arc of Haywood County, and the Haywood County Schools Foundation. Grants fund resources for teachers and staff to enrich the learning experience for students. Grants ranged from \$200 to purchase LEGO kits for a fairy tale literature unit in a kindergarten class at Clyde Elementary, to \$350 to purchase power grid models for Waynesville Middle School's STEM class, to \$375 to buy interview-appropriate attire for Pisgah High School Exceptional Children (EC) students. Each teacher grant sponsor has different requirements and focuses of study. The Duke Energy Foundation and Evergreen Packaging grants provide funds for STEM (science, technology, engineering, and mathematics) projects and programs. The First Citizens Bank grant provides funding to schools and teachers for reading initiatives. Professional growth and development is the focus of the Haywood County Schools Foundation grant. The QuickDraw art grant provides funds for art teachers to purchase materials.

“
The Foundation's grant program is crucial for teachers because we could never afford to get all of these amazing learning resources without their support. Each grant is really investing in Haywood County students, both in the long and short term. As an educator, I hope my students grow up one day to enrich and invest back in the local community.”

- Sam Yancey, 4th grade AIG specialist

ROBOTHON INSPIRES CODING & CREATIVITY

Students worked to apply classroom instruction to hands-on, competitive situations during Haywood County Schools' Middle School Wolfpack Robothon competition last week.

The Wolfpack Robothon, held at the Hazelwood Conference Center, was a collaboration between Haywood County Schools' Academically and Intellectually Gifted (AIG) program, Haywood Early College, and Haywood County Schools' Instructional Technology Center (ITC).

More than 150 sixth and seventh graders from the district's three middle schools participated in robotic challenges that included a skatepark, soccer, and archery.

"Experiences like Robothon are preparing our students for the future," Belinda Marr, Haywood County Schools AIG director,

said. "We want our students to graduate with a usable understanding of technology, so that they can use it and create it."

Coding is essentially writing instructions for a computer to perform. Proficiency in coding allows students to understand the technology shaping the world.

Marr said students are learning coding beginning in elementary school, so they can build their knowledge and skills each year.

"As technology continues to expand, both in scope of possibility and sphere of influence, students need to understand how to utilize it for good," William Yates, Waynesville Middle School AIG teacher, explained. "Knowing how to code is merely the first step. The second step is much tougher - that of why we code, and what we are coding for."

Coding was just one aspect of the event. Along the way, students had to problem-solve, design, and test before they could execute a code. Even then, a code might not work. Students then had to have the patience to start from the beginning to correct the code until the robot worked correctly.

"I like the challenge a lot because it keeps you busy and entertained," Molly McConnell, a sixth grader at Waynesville Middle School, said. "I like coding because it's a challenge, and you have to figure out what goes where."

This is the school district's second Robothon competition. The first event was held last November for elementary-aged students.

THS SCHOLARSHIP RECIPIENTS

CHHS SCHOLARSHIP RECIPIENTS

PARTNERS IN EDUCATION

PHS SCHOLARSHIP RECIPIENTS

In May 2019 at the Foundation's Partners in Education awards ceremony, 103 high school seniors from Pisgah, Tuscola, Central Haywood, and Haywood Early College received 148 scholarships totaling \$253,500. Scholarships ranged from \$250 to \$40,000.

Pisgah senior Eric Meyer was shocked to find out he had received six scholarships totaling \$4,750.

"I didn't expect this, and I'll forever be grateful to the committees for choosing me because this is going to allow me to pursue my dreams," Meyer said. "I want to make a huge impact in the music world for generations to come."

Currently, the Foundation manages more than 75 scholarships that have been established by businesses and individuals in the community. Scholarships may be endowed or funded annually.

Total Expenses	466,464

The Haywood County Schools Foundation raised \$95,000 through fundraisers during the 2018-19 school year.

MARDI GRAS BALL

The Mardi Gras Ball, sponsored by Entegra Bank, raised more than \$88,000 in February 2019. Congratulations to this year's King Adam Bridges and Queen Celeste Ybanez. Since the first Mardi Gras Ball in 2008, the event has raised nearly \$700,000 for scholarships, classroom grants, and support services for Haywood County Consolidated Schools. Each year, dedicated community members volunteer to run as candidates for the Mardi Gras court. The 2020 Mardi Gras Ball is planned for Saturday, February 29 at Laurel Ridge Country Club.

BINGO

The Foundation also hosts a bingo fundraiser. The next Bingo fundraiser is Saturday, September 21 at the Canton Armory. Tickets are \$20 for 20 games. Doors open at 4:30pm and games start at 6:00pm. There are great prizes, food, and a chance to win \$500 cash.

SPONSORSHIP OPTIONS

CREATE A SCHOLARSHIP

Scholarships may be endowed or funded annually. Criteria for awarding the scholarship are designed by the donors and the Foundation Board of Directors. Endowed scholarships are generated through the investment of permanently-held principals, so that only the income from the principal is used for scholarship awards.

SPECIAL EVENT SPONSOR

The Foundation hosts several fundraising events throughout the year including bingo (fall) and the Mardi Gras Ball (winter). As an event sponsor, your name/business will be prominently displayed at the event and included in all press releases. Tables are also available at the Mardi Gras Ball.

ONE-TIME DONATIONS

One-time donations are always accepted and can be made to support a specific program, project, or school.

HOW TO SPONSOR

Individuals and businesses are invited to make tax deductible contributions to the Haywood County Schools Foundation. Contributions may take the form of a cash gift, appreciated securities or real estate, life insurance, charitable remainder, non-profit organization assets, memorials, estate gifts or wills and bequests, or other real or personal property. For more information about donating or any of the sponsorship opportunities listed on the right, please contact the Foundation's Executive Director Jenny Wood at 828-456-2441 ext 2117 or e-mail jwood@haywood.k12.nc.us.

RAISING AWARENESS & FUNDS

To date, Richie's Alliance for Autism has donated \$83,000 to the Haywood County Schools Foundation.

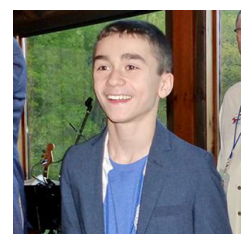

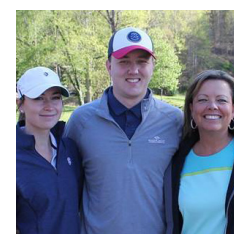

On April 29, Richie's Alliance for Autism donated \$54,000 to the Haywood County School's Foundation to support the district's Exceptional Children's department and to create scholarships for graduating seniors. Richie's Alliance celebrated April as National Autism Awareness month with three days of fundraising and awareness-raising events.

This year's events included a Casino Royale Autism Awareness Golf Tournament presented by Ken Wilson Ford at Laurel Ridge Country Club; Richie's Alliance Dine Out/Shop Out Day, supported by numerous Haywood County businesses; and Richie's Alliance for Autism 'Taste,' presented by Harrah's Cherokee Casino Resort at Laurel Ridge Country Club & Event Center.

“

The Perrones have started a tradition that will leave a legacy. Their support, inspiration, and gifts will provide opportunities for Haywood County Schools' students. ”

- Brandi Stephenson, HCS Exceptional Children program director

“This money will be used for resources for students with disabilities and for student scholarships,” Brandi Stephenson, HCS Exceptional Children program director, said. “We are completely overwhelmed by the kindness and generosity of our community

through the Richie’s Alliance events.”

Louis and Debbie Perrone, owners of Frankie’s Italian Trattoria in Maggie Valley, began raising money for local autism services in 2015. Frankie’s and a few other restaurants raised about \$5,000 for the Olson Huff Center at Mission Children’s Hospital with a Dine out for Autism event.

The next year, the couple established Richie’s Alliance in honor of their son, Richie, who has autism.

“After that first year, I knew that this could be something really big,” Louis explained. “We created Richie’s Alliance the next year in hopes to grow the event and raise more money for autism services.”

The Perrones succeeded and have raised nearly \$250,000 over the past four years for local autism services. This year, all money raised was donated to the Haywood County Schools Foundation to support the district’s Exceptional Children’s program.

The Exceptional Children’s program provides specially designed instruction to ensure that all children with disabilities, ages three through 21, have free, appropriate public education. The program emphasizes special education and related services designed to meet their unique needs and prepare them for further education, employment, and independent living. Services include specialized educational instruction, speech/language therapy, occupational therapy, physical therapy, hearing impaired services, visually impaired services, and transportation.

“Richie will be in eighth grade at Waynesville Middle School, and he has assistance in the classroom,” Debbie explained. “Richie could not have been as successful in school without his aide, and we wanted to ensure that any child who needs help gets it.”

The scholarships from Richie’s Alliance are open to any Haywood County Schools senior who has special needs.

“I want the scholarships to be for those students who otherwise feel like college might be out of their reach,” Debbie explained. “I hope that these scholarships will be an incentive for them and encourage them to follow their dreams.”

For more information about the scholarships available through the Haywood County Schools Foundation or to make a donation to the Haywood County Schools Exceptional Children’s department, contact Jenny Wood at 828-456-2441 ext 2117.
